

# PASSOVER GAMES TO PLAY

## **Physical Challenges:**

### Cleaning Chametz

Using several props or things to symbolize unleavened bread/non kosher food, challenge the participants to try and move as many items to their "area" of the room without using their hands! You can either tell them to keep their hands behind their back, use the traditional feather, or use another tool. For younger participants, you may want to consider letting them use their hands.

### Find the Afikomen

Challenge the participants to find the afikomen in either a room, house, or other space! You can have several afikomen as well just to add to the fun.

### Let My People Wobble

Split the kids into teams. Using a play ball for each team, challenge them to place the ball between their legs and have them try to either move through an obstacle course or in a straight line. The first team that has everyone able to complete a circuit wins!
